Well considering the state, firetrucks are in high demand to put out all the infernos started by Florida Man..... I love you guys though, you make the rest of the South seem sane!

Ohio has been trending red, yes, but it's RINOs being put in which is still a check on the blue box when it matters.

The only parts that make me sad are Orlando and Miami. Too many libs in both places. The panhandle is sketchy too but the rest of Florida is great. I was starting to hate Florida but COVID made me appreciate how red we are after they didnt preserve all the bullshit other states have kept going strong...

What's sketchy about the Panhandle? Too redneck for you or something?

The Panhandle Is solid red Trump country with lots of military bases, except for the lib-infested cancer in the Tallahassee area.

This one is from South Dakota, we saw trucks from as far as New Mexico and Texas! My mom who I introduced to The Donald a year ago is along with me, we usually fly, but every airline was full or canceling flights, so drive we did! Not my first time to DC to protest, but this one seems different.

Edit:.. STICKY, MODS=GODS. First sticky since the good old days of 2016. Let's do this pedes.

They are surprisingly cheap given how much they cost up front because you really can't use them of any practical purpose other than driving in parades and such. Seen a couple on Craigslist in the \$6k to \$10k range.
